

Palmyra Cove Nectar Garden Plants

Most plants on this list are a response to the conditions at Palmyra Cove, such as barren soils, drought conditions, and deer browse issues. They may not be suitable for every property. Learn about your garden's conditions and the needs of the plants in question before planting to ensure proper growth.

Plant Codes:

H: Hummingbird plant
B: Butterfly Plant
BE: Bee Plant
DP: Deer Proof
DR: Deer Resistant
DF: Deer Food
X: Dry, nutrient-poor soil
R: Garden soil
D: Damp soil
